PROUD OF

🎵 **Musical**
A very good piano player

√x **Mathematical**
Highest grade in Multivariable Calculus

WORK EXPERIENCE

Jun - Aug 2017

Material Planner, Bosch Rexroth AB Mellansel
Bosch Rexroth is a leading supplier of large hydraulic drive solutions. My work assignments included monitoring and analyzing the material supply need in order to ensure the company's stock balance.

Okt 2018 -

Test System Developer, Syntronic AB
Syntronic AB, founded in 1983, develop technical solutions in areas such as telecom, defence, industry, medtech and automotive. The company operates in 8 different countries with 1276 employees. Here, I am currently working towards one of the world's leading telecom companies, developing test system software/hardware for their aftermarket services. This implies maintenance as well as development of test system software/hardware for both older and newer (5G) telecom products.

EDUCATION

Aug 2013 - Aug 2018

Umeå University
Master of Science in Energy Technology.

STRENGTHS

🧠 Can easily focus

🤝 Collaborative

🏋️ Hard working
